

# The Oxford Textbook of Palliative Social Work

Second Edition

*The Oxford Textbook of Palliative Social Work* is a comprehensive, evidence-informed text that provides clinicians, researchers, policy-makers, and academics with a broad range of content to inform and enhance palliative social work practice. This definitive resource brings together an array of more than 150 international authors and is edited by three leading palliative social work pioneers to address the needs of professionals providing interprofessional, culturally sensitive, biopsychosocial-spiritual care for patients and families living with serious illness. Social workers from diverse settings will benefit from the historical perspective and international scope as well as the wealth of patient and family narratives

## Features

- Cleverly organized around settings, populations, diagnoses, interventions which enhances readers' connections to the subject
- Learning experiences are created by real life narratives, exercises, and resources link theory
